(c) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the APA, and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

(d) *Multiple offers.* Offerors, along with submission of their base offer, are authorized to submit multiple offers that include alternative line items (provided that the proposed alternative line items are consistent with alternative commercial products or commercial services that satisfy the APA general end use goals and requirements of this solicitation. The APA recognizes that the line items established in this solicitation may not necessarily conform to the Offeror's standard practices, and failure to correct these issues can result in difficulties in acceptance of deliverables and processing payments. Therefore, the Offeror is invited to propose alternative line items for which bids, proposals, or quotes are requested in this solicitation to ensure that the resulting contract is economically and administratively advantageous to both the APA and the Offeror. The Offeror may submit one or more additional proposals with alternative line items, provided that alternative line items are consistent with the base requirements of the solicitation. However, acceptance of an alternative proposal is a unilateral decision made solely at the discretion of the APA. Offers that do not comply with at least the base line-item requirements specified in this solicitation may be determined to be nonresponsive or unacceptable.

Each offer submitted will be evaluated separately.

(e) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the APA's designated electronic point of entry (POE) in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 2:00 p.m., local time, for the designated POE on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the POE designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the APA POE designated for receipt of offers and was under the APA's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

Commercial Products & Services Agreement Pursuant to Bid Solicitation / Request for Proposal
Electromagnet Belt Procurement – McDuffie Coal Terminal

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the APA, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the APA installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of APA personnel.

(4) If an emergency or unanticipated event interrupts normal APA processes so that offers cannot be received at the APA office designated for receipt of offers by the exact time specified in the solicitation, and urgent APA requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal APA processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(f) *Contract award (not applicable to Invitation for Bids)*. The APA intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the APA reserves the right to conduct discussions if later determined by the APA to be necessary. The APA may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(g) *Multiple awards*. The APA may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The APA reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(h) [Reserved]

(i) *Debriefing*. If a post-award debriefing is given to requesting offerors, the APA shall disclose the following information, if applicable:

(1) The APA's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

Evaluation and Contract Award - Commercial Products and Commercial Services.

(a) The APA will award a contract resulting from this solicitation to the responsible offeror whose written technical and pricing proposal offer conforming to the solicitation will be most advantageous to the Alabama Port Authority, price and other factors considered. Offerors are requested to submit a proposal utilizing their typical standard competitive proposal format, documenting their scope specific technical design capabilities, manufacturing expertise, and past performance track record on similar project requirements of this type and condition.

The following factors shall be used to evaluate offers:

Technical conformance to specifications, Past performance, delivery schedule and price.

Technical, past performance, and delivery schedule when combined, are equal in importance in terms of the technical selection criteria.

(b) *Options.* The APA will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The APA may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the APA to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the APA may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(d) The contract type will be a Firm Fixed Price contract award. All responsible sources may submit a proposal which shall be considered by the Alabama Port Authority.

(e) The list of items and quantities can be found at "Exhibit "A", and the Contract Award Pricing Schedule.

Except as otherwise provided in the contract, APA shall bear the expense of APA inspections or tests made at other than the Contractor's or subcontractor's premises; provided, that in case of rejection, APA shall not be liable for any reduction in the value of inspection or test samples.

10.5 When supplies are not ready at the time specified by the Contractor for inspection or test, APA may charge to the Contractor the additional cost of inspection or test. APA may also charge the Contractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.

10.6 APA has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. APA may reject nonconforming supplies with or without disposition instructions.

10.7 The Contractor shall remove supplies rejected or required to be corrected. However, APA may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

10.8 If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, APA may either (1) by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor

corrects or replaces the supplies within the delivery schedule, APA may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

10.9 If this contract provides for the performance of APA quality assurance at source, and if requested by APA, the Contractor shall furnish advance notification of the time- When the Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract; and when the supplies will be ready for APA inspection. APA's request shall specify the period and method of the advance notification and APA representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if APA representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

10.10 APA, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at APA's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and APA; provided, that APA may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if APA elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (1)(1) or (1)(2) of this clause and does not cure such failure within a period of 10 days (or such longer period as APA may authorize in writing) after receipt of notice from APA specifying such failure, APA shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned APA thereby.

11. Warranty. In addition to any warranties in the Agreement and any rights and remedies at law or in equity that APA may have, Contractor expressly warrants that the Products and/or Services furnished hereunder shall be free from defects in material, workmanship, and design, and shall be according to the best applicable industry-standard practices. The materials used in providing the Products and/or Services shall be new, unless otherwise specified, and of first-class quality. In addition to any other rights APA has under the Agreement, at law or equity, Contractor shall promptly repair, modify or replace the Products and/or work resulting from the Services (the "**Work**") or any part thereof found to be defective and any portion of the Work or property damaged by such Products, Work, and/or Services or by the repair of the Products and/or Work at Contractor's sole expense, including parts, freight and labor for removal and reinstallation, upon receipt of notification from APA within twenty-four (24) months from the date of APA's final acceptance of the Products, Work, and/or Services. Any repaired, modified or replaced Products and/or Work shall be additionally warranted against defects for a period of twelve (12) months after completion of such repair, modification or replacement of defective Products and/or Work. In the alternative, APA shall have the right to have the defective Products and/or Work, or any portion of the Products and/or Work or property damaged by such Products, Work, and/or Services or by the repair of the Products and/or Work, remedied or changes made at the expense of Contractor, and Contractor agrees to pay APA on demand for all loss, damage, costs, attorneys' and consultants' fees, and other charges incurred and made by APA in connection with such corrective work, together with interest thereon at the highest rate allowed by applicable law from the date incurred.

Commercial Products & Services Agreement Pursuant to Bid Solicitation / Request for Proposal

Contractor acknowledges that, notwithstanding any drawings, specifications or other descriptions of the Products and/or Services, APA is relying on Contractor's skill and judgment to furnish suitable Products, Services, and/or Work for the purposes described in the Statement of Work. All warranties are in addition to any other rights of APA and shall survive any inspections, delivery, acceptance, and payment. Without relieving Contractor of any of its warranty obligations under the Agreement, Contractor shall assign in full, and without cost to APA, all warranties from Contractor's subcontractors that are applicable to the Products, Services, and/or Work, and deliver such assigned warranties with the Products, Services, and/or Work.

12. Indemnification. To the extent permitted under applicable law, Contractor shall indemnify, defend, and hold harmless APA and its officers, directors, employees, agents, affiliates, successors, and permitted assigns (collectively, "**Indemnified Party**") against any and all losses, damages, liabilities, deficiencies, claims, actions, judgments, settlements, interest, awards, penalties, fines, costs, or expenses of whatever kind, including reasonable attorneys' fees, fees, and the costs of enforcing any right to indemnification under this Agreement, and the cost of pursuing any insurance providers incurred by or awarded against Indemnified Party (collectively, "Losses"), relating to, arising out of, or resulting from any claim of a third party or APA arising out of or occurring in connection with Contractor's operations under this Agreement (whether such operations are performed by the Contractor itself or by some person or entity acting on behalf of the Contractor), Products, and/or Services.

13. Remedies.

13.1 If Contractor violates any provision of this Agreement, APA shall, in addition to any damages to which it is entitled, be entitled to immediate injunctive relief against Contractor prohibiting further actions inconsistent with the Contractor's obligations under this Agreement.

13.2 In the event Contractor breaches this Agreement (including, but not limited to, by failing to satisfactorily provide any of the Products and/or perform any of the Services on a timely basis) and fails to cure within any applicable cure period, APA shall have the right, without prejudice to any other rights or remedies it may have under this Agreement or any applicable Statement of Work, to take one or more of the following steps:

- (a) Suspend Contractor's right and obligation to complete its provision of the Products and/or performance of the Services until such time as Contractor is able to demonstrate to APA's reasonable satisfaction that Contractor can satisfactorily meet its obligations under this Agreement;
- (b) Itself provide and engage a replacement contractor to provide any or all of the delayed or unsatisfactory Products and/or Services;
- (c) Assign one or more of its representatives to supervise and work with Contractor to correct and mitigate the effects of Contractor's breach;
- (d) Withhold payment of any amounts otherwise due to Contractor in a sufficient amount to set off against any damages caused to APA as a consequence of Contractor's breach.

13.3 To protect APA from schedule delays that impact terminal operations, liquidated damages shall apply in the event Contractor fails to timely deliver the Products and/or fails to timely achieve final acceptance of the Services. Liquidated damages shall be calculated at a rate of \$1500.00 per calendar day, but total liquidated damages shall not exceed 10% of the total contract value. Liquidated damages are not a penalty but a reasonable pre-estimate of the actual damages APA will incur due to delays in operational readiness and revenue loss. This clause does not relieve the Contractor of its obligations under the Agreement or applicable Statement of Work, nor does this clause waive APA's rights to pursue other contractual or non-contractual remedies.

13.4 To the extent APA is required to seek enforcement of this Agreement or otherwise defend against an unsuccessful claim of breach, Contractor shall be liable for all attorney's fees and costs incurred by APA to enforce the provisions of this Agreement.

13.5 All rights and remedies provided in this Agreement are cumulative and not exclusive, and the exercise by either Party of any right or remedy does not preclude the exercise of any other rights or remedies that may now or subsequently be available at law, in equity, by statute, in any other agreement between the Parties, or otherwise. Despite the previous sentence, the Parties intend that Contractor's exclusive remedy for APA's payment breach shall be its right to damages equal to its earned but unpaid fees.

13.6 Nothing in this Agreement shall constitute a waiver or limitation of the immunity of APA as an agency of the State of Alabama.

14. Compliance with Law. Contractor is in compliance with and shall comply with all applicable laws, regulations, and ordinances. Contractor has and shall maintain in effect all the licenses, permissions, authorizations, consents, and permits that it needs to carry out its obligations under this Agreement.

15. Insurance.

15.1 Contractor shall not commence work under the Agreement or Statement of Work until it has obtained all insurance required under this Section and until such insurance has been approved by APA, nor shall the Contractor allow any subcontractor to commence work until all similar applicable insurance has been obtained by the subcontractor or the Contractor has provided coverage for the subcontractor.

15.2 During the Term, Contractor shall, at its own expense, maintain and carry insurance in full force and effect with financially sound and reputable insurers, that includes, but is not limited to, commercial general liability with limits no less than \$2,000,000 per occurrence and \$4,000,000 in the aggregate, including bodily injury and property damage and completed operations and advertising liability, which policy will include contractual liability coverage insuring the activities of Contractor under this Agreement. Contractor shall provide APA with a certificate of insurance from Contractor's insurer evidencing the insurance coverage specified in this Agreement. The certificate of insurance shall name APA as an additional insured. Contractor shall provide APA with thirty (30) days' advance written notice in the event of a cancellation or material change in Contractor's insurance policy.

Except where prohibited by law, Contractor shall require its insurer to waive all rights of subrogation against APA’s insurers and APA or the Indemnified Parties.

15.3 If it shall use any autos in connection with providing Services to APA, Contractor shall take out and maintain during the life of the Agreement or Statement of Work Business Automobile Liability insurance covering any auto in an amount not less than \$1,000,000 for any one occurrence for bodily injury, including death, and property damage liability.

15.4 If it shall have any employees involved in providing Services for APA, Contractor shall also provide workers’ compensation insurance covering those employees for at least \$1,000,000 and shall provide a certificate of insurance to APA evidencing such coverage within thirty (30) days of the effective date of this Agreement.

15.5 Where applicable, Contractor shall take out and maintain during the life of the Agreement or Statement of Work insurance providing coverage(s) as required by Federal statute, including but not limited to U.S. Longshoremen and Harborworkers’ Compensation Act (USL&H), Jones Act, and Railroad Federal Employers Liability Act (FELA).

16. Entire Agreement. This Agreement, including and together with any related Statements of Work, exhibits, schedules, attachments, and appendices, constitutes the sole and entire agreement between the Parties with respect to the subject matter contained herein, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, regarding such subject matter.

17. Notices. All notices, requests, consents, claims, demands, waivers, and other communications under this Agreement (each, a “**Notice**”) must be in writing and addressed to the other Party at its address set forth below (or to such other address that the receiving Party may designate from time to time in accordance with this Section). Unless otherwise agreed herein, all Notices must be delivered by personal delivery, email (with confirmation of transmission), nationally recognized overnight courier, or certified or registered mail (in each case, return receipt requested, postage prepaid). Except as otherwise provided in this Agreement, a Notice is effective only (a) on receipt by the receiving Party; and (b) if the Party giving the Notice has complied with the requirements of this Section.

18. Severability. If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal, or unenforceable, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon a determination that any term or provision is invalid, illegal, or unenforceable, the Parties shall negotiate in good faith to (or, if necessary, a court may) modify this Agreement to achieve the original intent of the Parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

19. Amendments. No amendment to or modification, rescission, termination, or discharge of this Agreement shall be effective unless it is in writing, identified as an amendment to or modification, rescission, termination, or discharge of this Agreement, and signed by an authorized representative of each Party.

20. Waiver. No waiver by APA of any of the provisions of this Agreement shall be effective unless explicitly set forth in writing and signed by APA. Except as otherwise set forth in this Agreement, no failure by APA to exercise, or delay by APA in exercising, any right, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver by APA thereof, nor shall any single or partial exercise by APA of any right, remedy, power, or privilege hereunder preclude any other or further exercise by APA thereof or the exercise by APA of any other right, remedy, power, or privilege.

21. Assignment. Contractor shall not assign, transfer, delegate, or subcontract any of its rights or obligations under this Agreement without the prior written consent of APA. Any purported assignment or delegation in violation of this Section shall be null and void. No assignment or delegation shall relieve Contractor of any of its obligations hereunder. APA may at any time assign or transfer any or all of its rights or obligations under this Agreement without Contractor's prior written consent.
22. Successors and Assigns. This Agreement is binding on and inures to the benefit of the Parties and their respective successors and permitted assigns.
23. No Third-Party Beneficiaries. Other than as set forth in Section 12, this Agreement benefits solely the Parties and their respective successors and permitted assigns, and nothing in this Agreement, express or implied, confers on any third party any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.
24. Choice of Law. This Agreement and all related documents, the relationship of the Parties relating to this Agreement, and all matters arising out of or relating to this Agreement, whether sounding in contract, tort, or statute, shall be governed by and construed in accordance with the laws of the State of Alabama, without giving effect to the conflict of laws provisions thereof to the extent such principles or rules would require or permit the application of the laws of any jurisdiction other than those of the State of Alabama.
25. Choice of Forum. Any legal action, suit, or proceeding brought by a Party in any way arising out of or relating to this Agreement shall be brought in the federal or state courts in Mobile County, Alabama, provided that any claims against APA may only, to the extent permitted by Alabama law, be brought before the Board of Adjustment of the Alabama Department of Finance. Nothing in this Agreement shall constitute a waiver or limitation of the immunity of APA as an agency of the State of Alabama.
26. Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT, INCLUDING EXHIBITS, SCHEDULES, ATTACHMENTS, AND APPENDICES ATTACHED TO THIS AGREEMENT, IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS AGREEMENT, INCLUDING ANY EXHIBITS, SCHEDULES, ATTACHMENTS, OR APPENDICES ATTACHED TO THIS AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.
27. Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. Notwithstanding anything to the contrary in Section 17, a signed copy of this Agreement delivered by facsimile, email, or other means of electronic transmission is deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

28. Force Majeure.

No Party shall be liable or responsible to the other Party, or be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement, when and to the extent such Party's (the "Impacted Party") failure or delay is caused by or results from the following force majeure events ("Force Majeure Event(s)"): (a) acts of God; (b) flood, fire, earthquake, or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) government order, law, or action; (e) embargoes or blockades in effect on or after the date of this Agreement; (f) national or regional emergency; (g) strikes, labor stoppages or slowdowns or other industrial disturbances; (h) industry-wide shortages of materials or components, (i) significant and unexpected increases in material costs, (j) transportation delays; and (k) other similar events beyond the reasonable control of the Impacted Party.

Notwithstanding the foregoing, Contractor's financial inability to perform, nor supplier actions or contract disputes external to the performance of this Agreement or any Statement of Work, will not excuse performance by Contractor under this Section, however the obligation of a Party to pay money for Products or materials delivered or for Services performed shall not in any way be excused.

The Impacted Party shall give notice within ten (10) days of the Force Majeure Event to the other Party, stating the period the occurrence is expected to continue. The Impacted Party shall use diligent efforts to end the failure or delay and ensure the effects of such Force Majeure Event are minimized. The Impacted Party shall resume the performance of its obligations as soon as reasonably practicable after the removal of the cause. If the Impacted Party's failure or delay remains uncured for a period of thirty (30) consecutive] days following written notice given by it under this Section, the other Party may thereafter terminate this Agreement upon ten (10) days' written notice, subject to the provisions of Section 7.4 and Section 7.5.
