ALABAMA PORT AUTHORITY

Project Name **Indefinite Delivery-Indefinite Quantity (IDIQ) Conveyor Belt(s) Procurement – McDuffie Coal Terminal Facility**

RFP # **RFP#: APA-2026-McD-CONVEYOR-BELTS-003**

NOTICE OF RESULTS

November 4, 2026

To the Respondent Firms:

The Alabama Port Authority (APA) Procurement Department announces the following results for the above cited RFP Procurement:

Successful Respondent:
Power & Rubber Supply, Inc.

Non-Successful Respondent(s):

TURNER SUPPLY

It is noted that APA received only 2 offers in response to this Request for Proposal. Nonetheless, Power & Rubber presented themselves as capable of providing high level technically acceptable products. Therefore, APA has selected their offer for contract award, which was determined as the Lowest Priced Technically Acceptable, best capable to meet current APA needs and all aspects of the RFP's scope of work. We anticipate additional opportunities for varying items of industrial / commercial equipment will arise from the APA and we hope that more offerors will respond accordingly in the future.

Sincerely,

/S/

Terell Taylor,
Contracts Specialist
