ALABAMA
PORT AUTHORITY

Project: McDuffie Main 25 kV Switchgear Upgrade

Project #: 11712

Task #: 2

DATE: October 30, 2026

RE: Notice of Non-Award

Dear Bidder:

The bid proposals for this project have been considered by the APA (Alabama Port Authority). However, due to inadequate supporting documentation, deviations and exclusions to the bid documents by all respondents, the Alabama Port Authority is unable to fully evaluate proposal compliance with the published bid specifications. The project will be readvertised with revised bid documents, which will request additional supporting documentation be provided with the bid proposals of all future respondents to enable APA to fully evaluate compliance with the technical specifications.

We recognize that you and other members of your company have expended time and effort in preparing and presenting your bid. On behalf of the Alabama Port Authority, I want to thank you for your interest in this project.

We hope you will participate in the future solicitation for this project.

Sincerely,

Charles M. Coleman, P.E.
Vice President, Engineering
